

ROBERTSON

"As a president, I believe that robotics can inspire young people to pursue science and engineering." - BARACK OBAMA

News Letter For The 1st Term (2016-17)

*The term “Robot” was first used in 1920 in a play
Called
“Rossum’s Universal Robots”
by the
Czech writer Karel Capek*

1st Term Schedule:

Introduction of tools

Introduction of Software

1st Term Schedule:

Assembling various models and programming them

A display of
cutting-edge
models made by
Robotic club
students

The budding Robotic Engineers of DDMSPORPS

Few students of Class IX Robotic club Students assembled a DRONE with a camera and clicked aerial images of the School building.

The power of the technology is really vast and immeasurable because almost every day, there are new types of technology created or discovered.

Finally, as the technology improves, there will be new ways to use robots which will bring new hopes and new potentials amongst the enthusiastic students

Thank You
