DEZINE CLUB

TIME TO BE CREATIVE

CLASSES - I, II & III

Dezine Is Thinking.....Made Visual

We the teachers of Dezine club tried to use different creative activities to inculcate an interest in students towards dezine and unlock their creativity.

Ms V. Jyotsna, Ms K. Anuradha & Ms Ch. Durga

Students of Class I were taught basic shapes and lines during weeks 5, 6 and 7. Joining the dots of a picture and colouring it was taken up on 18th July in clubs periods. Students enjoyed doing the activity. The colour combinations and shading were also taught to them.

Cutting and pasting geometrical shapes like square, triangle, circle etc was taught on 29th August. Students were excited in using the shapes to create pictures.

Their fine motor skills and creative abilities were enhanced through these activities. We will add a few more interesting activities in

the next edition of news letter

CLASS-II

4-7-16: " You are the designer of your own destiny

Using basic shapes children created their own figures

18-7-16: some shapes were made using papers.

8-8-16: children made friendship bands and tied to each other on the eve of friendship day

Design is not just what it looks like design is how it works.

12-9-16: Different designs were made and arranged them in patterns .

Class III

Dezine Club members of Class III enthusiastically participated in their Club activities. In this first term, they learned about the elements of design like Line, Shape, Direction, Color, Contrast, etc. in weeks 4 (13.06.16), 5 (20.06.16) & 6 (27.06.16).

They used different basic shapes in their designs in week 7 (04.07.2016).

They created different patterns using these shapes in week 8 (11.07.2016).

They learned about symmetrical patterns, figures and shapes from nature in week 9 (18.07.2016) & 10 (25.07.2016). Some of these shapes are honeycomb, sunflower, peacock, etc.

They prepared

rakhis and badges in weeks

11 (01.08.2016) and 12 (08.08.16).

They designed different rangolis in their scrap books in week 15 (29.08.2016).

These activities will enhance the creative abilities of the children who will come out with more flying colours in coming months.
