

FIELD TRIP OF CLASS-I

Students of class-I were having full of fun on 24-10-2016 Monday at Sudha Cars Museum , wonderland of cars. It is first of its own kind Handmade Wacky Car Museum, by talented Mr.K.Sudhakar who is world Gunniess record holder for largest Tricycle. Hats off to such an creater for presenting an amazing world to all of us.

Our children were very much excited by watching an enviable collection of mini bikes, cycles, buses and cars in all possible shapes and sizes. There are three galleries, first one has assortment of replicas of cars and cycles, the second and third gallery have a collections of whacky designs.
