

VIRTUAL FIELD TRIP – II (CLASSES 6 – 10)

Students of Classes 6 and 7 attended a virtual field trip on 13th August, 2021 which gave them an insight about Olympics-2021. They had a great time viewing and acquiring knowledge about Olympics- its origin, history, opening ceremony of 2021 Olympics, significance of the emblem, symbol, Mascot, events in Olympics, medals India won in Tokyo Olympics 2021.

Class 8 students too had a Virtual Field trip to Sudha cars Museum on 13th August, 2021. They

enjoyed the session which gave them an insight about the Automobile Museum in Hyderabad which displays “crazy cars” that resemble everyday objects. The cars displayed were handmade with the material collected from junk.

Class IX Students had been to a virtual tour to ANGKOR WAT TEMPLE in Cambodia on August 18th, 2021. The temple with its unique structure progresses upwards through a series of galleries giving ample room for the designers to explore the cultural, religious, and temporal history of the people. Students expressed their happiness in getting themselves equipped with the interesting facts of the temple and the construction pattern which was a great experience to them during this pandemic time.

Students of Class X had also been to a virtual tour to CARAL SUPE - THE OLDEST ANCIENT CIVILIZATIONS IN AMERICA on August 18th, 2021 and were wonderstruck as they watched the architectural development with monumental stone and clay buildings. The quality and the method used in their buildings gives an account of the use of building techniques and the knowledge of arithmetic, geometry, and calculation. In addition, there was no negligence of the aesthetics of the constructions, polishing the rocks for the best appearance and embellishing them with paintings made from stones, plants and ground flowers. It was indeed an enriching experience for the students from their routine exploring and gaining knowledge.
