

EXPLORING AVENUES OF LEARNING OUTSIDE CLASSROOMS

FIELD TRIPS

Experiential Learning helps children learn through reflection on doing. Field Trips give that experience and enhance the knowledge of what child has learnt in the classroom

Field trips are an integral part of an academic curriculum to facilitate learning outside the conventional classrooms. Children of all age groups look forward to these educational tours that sets them free to explore and unwind at their own pace and to their own interests. With this objective, the Class VI students were taken on trip to Sudha Cars Museum on 21 October 2022.

The Sudha Car Museum located in Bhadurpura, Hyderabad, is very famous all over the world and has been selected for its innovative skills and model making of different varieties of cars and has even been listed in Guinness Book of Records, Ripley's Believe it or not and Limca book of records.

Sudha Car Museum is the brain child of the extremely talented Mr. K Sudhakar hailing from Hyderabad. It is an automobile Museum. The Museum displays "Crazy Cars" that resemble everyday objects.

The students were awestruck at the technology of the eminent Mr. K Sudhakar in making the Mini models of the cars. What fascinated the students was that the cars are all in running condition. Students were taken around the museum and were explained about the models and the history about World War II automobiles used in those days.

Students enjoyed a lot playing on equipment's like giant scooter, mini cars, swings, Slides etc. They all returned back enriched with educational skills and pleasant memories of the trip.
