

### ***Milieu for the unfolding of capacities.....***

DDMS P.Obul Reddy Public School has carved a niche for itself as a pioneer institute in providing holistic learning, more so in the field of sports. The school has nurtured several

talented players since its inception 33 years ago and the management is ever ready to provide the required reinforcement for such budding sports personalities. Today, the school stands tall with a record of students playing right from the district to the national levels in almost all types of games, thanks to the management, Principal and a set of versatile and experienced sports teachers of the school.

In an effort to provide the best infrastructure for the students, the throw ball, Kabaddi, volley ball, badminton and football courts, along with the table tennis courts in the indoor sports complex, were given a facelift and the renovated arenas were inaugurated through traditional rituals on 16 March 2023 by Sri S V Rao, Chairman, DDMS P.Obul Reddy Educational Academy.

Also present on the occasion were Sri E.Narasimha Rao, Secretary, DDMS P.Obul Reddy Public School and Ms Rekha Rao, Principal. The dignitaries appreciated the sports' teachers for their relentless efforts and assured them of their full support.

There is an Indoor sports complex in addition to the outdoor facilities with provision for basketball, table tennis and chess in the school campus.
