

PRE-PRIMARY SCIENCE FAIR

“Science begins with wonder, scientific temperament and rational thinking”

Pre-Primary students of DDMS P.OBUL REDDY PUBLIC SCHOOL organised a Science Fair on 21st February, 2025. The fair witnessed great enthusiasm and blooming participation from children of LKG and UKG, who had the unique opportunity of exploring as well as expressing their creative scientific ideas in the form of activities, models and projects. The event started with inauguration by our school Principal Ms. K. Vinitha and the Head mistress of Pre-Primary Ms. Vijaya Durga. The event provided a platform for scientific explorations and innovations for the future scientists. The students exhibited models related to volcano eruption, dancing rice, density of water, rainbow in glass. The event in itself ignited the scientific curiosity in children and gave them a platform to give concrete dimensions to their ideas, from the zone of imagination to realism. We thank our Primary Head mistress Ms.K.Srivani and HOD of Science Department Mr.Bhaskara Sarma along with Mr.Subbarao for witnessing the event and guiding the students.
