

Grade 5 – Two-Day Educational Tour - Adventure in Learning

On September 21 and 22, 2025 a group of enthusiastic students of Grade 5, from AMS P Obul Reddy Public School, Jubilee Hills, Hyderabad, embarked on an enriching educational tour to the **Ramappa Temple**, built in the 13th century during the reign of the Kakatiya dynasty, UNESCO World Heritage Site nestled in the serene village of Palampet, near Warangal, Telangana.

The journey began early in the morning, filled with excitement and a sense of curiosity. Upon arrival, students were captivated by the temple's grandeur and the lush surroundings. Guided by knowledgeable teachers and local guides, they explored the **main sanctum** dedicated to Lord Shiva, the **dancing figurines** and celestial maidens carved into the pillars and the unique **sandbox foundation** and lightweight bricks used in construction.

The students also visited two of Telangana's most revered and architecturally stunning temples — the **Bhadrakali Temple** and the **Thousand Pillar Temple** in Warangal. This offered a glimpse into the spiritual depth and artistic brilliance of the Kakatiya dynasty.

The next day, students proceeded to **"One Day Kisan"** at Bhongir, Telangana — A vibrant initiative aimed at introducing young minds to the heart of Indian agriculture. The program was designed to foster awareness about farming techniques and encourage appreciation for the hard work of farmers. The One Day Kisan Program at Bhongir was not just an educational tour but a hands-on experience — it was a heartfelt tribute to the backbone of our nation.

This tour provided students with a deeper understanding of Kakatiya architecture and heritage, insights into ancient engineering techniques and a journey into Agricultural Wisdom. Students returned with hearts filled with admiration and minds enriched with knowledge. The tour not only strengthened their bond with Telangana's rich past but also inspired many to explore history beyond the confines of textbooks.
