

CLASS VIII STUDENTS PROMOTE VALUES THROUGH INTERACTIVE LEARNING STALLS

On the day of the Parent-Teacher Meeting for Classes I and II held on 18th July 2026 , the students of Class VIII organised a series of thoughtfully curated educational stalls aimed at fostering value-based learning among the young learners in the school's primary school ground.

The initiative featured three engaging stalls centred on the themes of Good Manners and Kindness, Health and Nutrition, and Our School Founder, Smt. Durgabai Deshmukh.

Designed to be interactive and age-appropriate, the activities encouraged students to learn through participation and exploration.

The Good Manners and Kindness stall inspired children to embrace courteous behaviour, empathy, and respect in their everyday interactions through enjoyable games and

activities. The Health and Nutrition stall sensitised students to the importance of balanced eating habits, personal hygiene, and overall well-being, reinforcing the significance of making healthy lifestyle choices from an early age. At the Our School Founder stall, young learners were introduced to the remarkable life, ideals, and enduring contributions of Smt. Durgabai Deshmukh, helping them develop a deeper appreciation for the rich legacy and values that form the foundation of the institution. The initiative not only enriched the learning experience of the primary students but also provided the Class VIII volunteers with an opportunity to demonstrate leadership, teamwork, communication, and organisational skills. The event successfully reflected the school's commitment to nurturing socially responsible, compassionate, and informed learners through meaningful experiential learning.
