

CLASS – NURSERY
WEEKLY LEARNING PLAN

WEEK NO -16

DATES – 06.09.2016 to 09.09.2016

BLOCK COMMENTARY

Dear Parent,

From the desk of the Nursery teachers,

Here is the information about the early programme lesson on “**Look and Compare**”

In this lesson, students will look at things and compare them by understanding the differences between big and small, tall and short and heavy and light

Students will look at a set of things of two different sizes and weights and compare them

During Language time, students will sing a song and relate it to their lives and share familiar experiences. They will identify the letter and familiar words that begin with letter “H”. Students will also practice making standing lines. They will look at the pictures in a book and talk about them.

During Maths time, students will explore people and things to describe them as big, small tall, short, heavy and light. They will compare their hand sizes, foot sizes, toes and finger sizes with their mothers. They will play sorting games to put things in the correct hoops based on differences.

Rather than simply, asking the students to look at the pictures and identify if the objects or person is big\small, students will explore , observe and compare them, talk about their findings and then move on to using comparing words’

At home, children can be asked to gather big \small, tall/short and heavy \light things.

CLASS TEACHERS:

NURSERY A – P. PADMAVATHI

NURSERY B – P.GEETHALAKSHMI

CO – TEACHER – K. BHAGYA SREE
