

# CLASS- NURSERY

## WEEKLY LEARNING PLAN

WEEK NO – 22

DATES: 24.10.16 to 28.10.16

### BLOCK COMMENTRY

From the desk of Nursery teachers,

Dear Parent,

Here is the information about the early programme lesson on “Clothes I Wear”

In this lesson, students will learn about the different types of clothes and accessories worn by people.

Students will explore and talk about the clothes and accessories they wear. They will speak about their dressing in circle time. Children will be given awareness on dresses worn on different occasions.

During language time, students will recognise letter and familiar words that begin with letter ‘L’. they will practise making sleeping lines. They will also look at pictures in a book to see different types of clothes and talk about them.

During math time, students will be introduced to the position words ‘in front’, ‘in between’ and ‘behind’. They will also create their own models by responding to the position words. They will use shapes to put them together, create a model share about it.

Rather than simply memorising the position words, students will understand positions using pictures, actions and objects and create their own models in response to position word directions.

At home, children can be given instructions using the position words to look for things.

Send picture cut outs of different dresses from magazines by 27.10.16

Send your child in his/her favourite dress on Friday, 28.10.16
