

CLASS – NURSERY

WEEKLY LEARNING PLAN

WEEK NO – 26 & 27

DATES – 21.11.2016 to 02.12.2016

BLOCK COMMENTARY

Dear Parent,

Here is the information about the early programme lesson on “Fruits and Vegetables “

In this lesson, Students will learn about some common fruits and vegetables found in this area.

Students will touch and feel the real fruits and vegetables to describe them using the related vocabulary. Students will buy fruits in a pretend play set up in class. They will make fruit salad and vegetable sandwich.

During Maths time, students will learn to identify, show, trace and rainbow write the number 4.

In language time, students will recognize the letter and familiar words that begin with letter ‘O’. Students will make open curves and identify curves in the letters they have learnt. They will also look at pictures in a book talk about them.

Rather than simply asking the students to trace the curves, students will identify curves in letters and objects. They form curves in sand, on slates, with crayons on paper and then move on to worksheets for tracing on dotted lines.

At home, children can be taken to buy fruits and vegetables from the market.

School Annual day on December 2nd Friday

CLASS TEACHERS:

NURSERY A – P. PADMAVATHI

NURSERY B – P.GEETHALAKSHMI

CO – TEACHER – K. BHAGYA SREE
