

CLASS – NURSERY

WEEKLY LEARNING PLAN

WEEK NO – 34

DATES – 23.01.2017 to 27.01.2017

BLOCK COMMENTARY

From the desk of Nursery Teachers,

Dear Parent,

Here is the information to tell you about early programme lesson on “SOUNDS”.

In this lesson, students will explore the sounds of different things.

Students will explore sound jars and describe the sounds using the related vocabulary. They will explore some musical instruments. Students will participate in ‘show and tell’ activity of sounds. They will look at pictures of things that make sounds and talk about them. Finally, they will guess the names of the things that are used to create sounds. They will create their own music using different things.

During language time, students will recognise letters and familiar words that begin the letter ‘U’ and ‘V’. Students will also form down and up lines.

During Maths time students will estimate and try to fit in that many number of blocks in to different shapes. Students will recognise the patterns in sounds such as loud-soft, fast-slow and loud- quiet and repeat those using actions or objects.

Rather than simply telling students about patterns in sounds, students will be encouraged to first explore the sounds using various items and talk about the sounds. Then they will listen to sounds and identify pattern themselves. They will repeat the patterns using different things.

At home ask your child to find things that make sounds. Ask them copy and repeat patterns using the things.

CLASS TEACHERS:

NURSERY A – P. PADMAVATHI

NURSERY B – P.GEETHALAKSHMI

CO – TEACHER – K. BHAGYA SREE
