

CLASS – UKG
WEEKLY LEARNING PLAN

Week No-26, 27

Dates: 21.11.2016 to 30.11.2016

From the desk of the UKG Teachers

Dear Parent,

In these weeks, students will learn the following:

During Maths time, students will identify the order of routines in school and order in numbers and revise number names 51-100.

During Language time, students will identify the beginning sounds in words, name things that begin with a blend, read and write 'sh' words.

During second language, students will read and write Telugu/Hindi letters.

At home, your child can be asked to use picture words cards of blends to help him/her read.

It would be great if your child can write words on picture cards, shuffle them and deal to play. The player, who places a card over another with the same beginning blend, wins the hand.

- **School Annual Day on 2nd December'16.**
