

ANNUAL IC3 CONFERENCE & EXPO

The IC3 Movement, at its core, is dedicated to helping young people across the globe find career paths through education that will lead to fulfilled, happy, and productive lives. The goal of the IC3 Movement is to empower every school to run a robust, fully-functioning career and college counselling department. IC3 has dedicated 2023 to the theme of “Finding Purpose through Counselling.” While ensuring that young people in every corner of the world find meaning, we as educators have also discovered the purpose in our own lives. And we have stimulated incredible breakthroughs as a result.

The purpose of the Career and College Counselling is to sensitize educators to the need and criticality of counselling function, elevate the profession so that enough people take on teaching and counselling as a career and develop the human resources and conduct research that will be needed to deliver this function effectively in schools. On the occasion of the 2023 Annual IC3 Conference & Expo, on 24 August, nearly 400 counsellors, teachers, and principals graduated, the IC3 Institute’s flagship one-year program, many of whom have established counselling departments in schools where there were none.

On that day, among the awardees, was one of the faculty members, Mr. Ravinder who graduated as IC3 certified Career Counsellor. Ms.Sreekala Madhavan and Ms. Krishna kumara also attended the 3 day Annual IC3 Conference & Expo.
