Science	<p>Growing plants in soil is a regular practice, but nowadays new technique is developed where plants are grown in water. You can have hands-on experience by using this technique and make your kitchen garden.</p> <div style="text-align: center;"></div> <p>ACTIVITY PROCEDURE:</p> <p>1. Green gram, 2. Methi seeds, 3. Dhania seeds, 4. Wheat grains 5. Mustard seeds, 6. Chana.</p>

Choose any two varieties of seeds from the above list and with the help of your parents can do the activity. Record the dates when you observe the different stages of seed germination in water medium. And answer the following questions.

1. Name the technique used for plants growing in water?
2. When did germination start? (DAY or Date from the time sown in water)
3. Which seed germinated first?
4. When did the first leaves appear?
5. Were you able to see the roots growing?
6. Draw the diagrams of the plants grown by you.

Click the URL links given which explain the steps and procedure to be followed to complete the above activity.

Rubrics 10 M

Activity	2M
Question & Ans 1x6	6 M
Diagrams	2 M

Total	10 M

Social

Topic – Haryana – Incredible India

Organize a Haryana week in your house for your family members and friends during the summer break in which the participants should be asked to participate in a dance, a cooking or singing competition.

- (a) Play folk songs and dances of Haryana.
- (b) Talk to your Mother or Grandmother about the Haryanvi food and ask them to tell you how to cook any one popular dish.

Guidelines –

- Total no of pages including cover page – 5
- Cover page with title, name, class, section and subject
- Write a brief introduction about the state – Haryana and its culture
- Paste two pictures each of the above activity (dance, singing or cooking) and give a brief description of your experience in four or five sentences.
- Paste them in four different A4 size sheets.
- Refer Chapter – 14 in textbook
