

Riyanshi's Report on winning of Little Leap contest

Riyanshi.G.

UKG C

P. Obul Reddy Public School

Competition Date : 11th September – 14th September 2021

Riyanshi's experience in participating Little leap contest first round was really amazing. In this contest, children spoke on the topic given by the trainer without any prior preparation. There were activities like recitation of rhymes, dancing and interaction with the trainer as well as with the other school children. The competition was on Public speaking skills. The topic was on "My Favourite Person" which was given in the session itself and just 5 minutes time was given to children to think on this topic. Later, children spoke on the given topic. After this, the trainer had given suggestions on how to improve their public speaking skills like doing actions, speaking loudly with good expressions. Again, the children spoke on the same topic by following the suggestions given by the trainer.

We are very thankful to Little Leap public speaking Olympiad, DDMS P Obul reddy Public School and teachers who gave the opportunity and encouragement to participate in the events like this.

Once again Thank you all for your support and encouragement.
