

Author speaks.....

Budding author Ms Varsha Adusumilli visited the school on 3 July, 2019. She was here to promote her book, "Wonder Girls: stories of Millennial who fought to do it".

It was a two hour session, conducted for the Grade XI Students. She spoke about various aspects of writing like collecting information through various methods, drafting and editing, and publishing. She also detailed her experiences and challenges in writing the book.

Students asked very sagacious questions which were appreciated by Ms Adusumilli. She also spoke to students about breaking stereotypes, which her book speaks of.

Students showed great interest in the workshop and interacted with the author. Many also bought her book, copies of which were given by her staff. She signed the books for the students with a personalized message for each.

On the whole, the students appreciated the session.
