

DDMS P OBUL REDDY PUBLIC SCHOOL

WEBINAR : DESIGN THINKING AND CREATIVE CAREERS

IEducationize conducted a webinar exclusively for the students of our school on Sunday, 20th December. Ms. Stuthi Desai - Moorchung, LLM, enlightened our students about new sort of careers that are emerging now in the field of Creative and liberal Arts. The unconventional careers were talked about like cloud computing, Data Science, Ethical Hacking, Wedding Photography and so on. Some ultra-unconventional career roads like Youtubing, Food Styling, Adventure Tourism too were spoken about, in this webinar.

Students spoke to the professor speaker about career options in armed forces and fine arts, animation etc.

Students were taught steps to identify the ideal career for them that include exploring one's 5 strengths and 5 weaknesses, being objective about one's skills, writing a statement of purpose at every stage, Researching and so on. The speaker insisted on improving one's abilities and skills towards reaching their goal.

Students were taught how to draft Statement of purpose and sensitized them about effectively convincing their parents about their choice of careers in an understanding and gentle manner. All in all it was a session packed with information about strategies and road maps to different careers.

Ms. Shikha Gupta, the moderator also was very resourceful, rich with inputs about different career options for students.
