

PRE- PRIMARY- CCA ENGLISH RECITATION

Recitation is one of the most effective ways to learn a language and appreciate literature. It helps children develop clarity of speech, correct pronunciation, rhythm, fluency, confidence, and expressive communication. The main objective of poetry recitation is to enjoy and appreciate the beauty of poems by reciting them aloud.

The students of the Pre-Primary section enthusiastically participated in the CCA English Recitation Competition. The event provided them with a wonderful opportunity to showcase their talent, confidence, and stage presence. The competition inspired the young learners to overcome stage fear and express themselves with enthusiasm.

The participants presented a variety of rhymes based on different themes with great excitement and confidence. Their performances reflected beautiful expressions, emotions, rhythm, and the musical quality of words, making the event truly delightful.

The themes for the competition were

- **Nursery:** Seasons
- **LKG:** Festivals
- **UKG:** Friendship

The participants were judged on the following parameters:

- Clarity and Pronunciation
- Presentation
- Actions and Props
- Memory

CCA UKG ENGLISH RECITATION 22/07/2026
