The Needle craft club !

The ability to sew a wayward button , hook or hem a new pair of pants helps the kids to develop their finger dexterity and fine motor skills. This lifelong skill helps the students to be independent and confident.

Here is the list of all the activities undertaken in this club during the first term.

Week-no's

Topics

13

Stem stitch and hemming.

14

Chain stitch and double chain stitch.

18

feather stitch.

19

Stitching buttons and hooks.

Week no- 13

Students were taught stem stitch and hemming by which they have developed finger dexterity and fine motor skills.

Week nos- 14 & 18

They have learnt chain stitch, double chain stitch and feather stitch. By using these three stitches they have designed a creative hankey.

Week no- 19

Students learnt how to stitch buttons and hooks which will help them to be independent. It's a lifelong skill.

It has been a great pleasure teaching the children the art of stitching and embroidery.

Will be back with many more stitches, which will enhance their creative and fine motor skills.
