

DDMS P. OBUL REDDY PUBLIC SCHOOL

CLASSES OF II AND III – POTTERY CLUB, TERM - I NEWSLETTER

2019-2020

September

Pottery plays a crucial role in children as it can improve self-esteem because children control over their projects and can quickly see the results. Their self-esteem grows as they realise they can create something fun with just their hands.

The activities learnt during Term I:

- They have learnt how to rotate wheel, then how to mould the clay into fine things.
- Children have learnt to make pots, diyas, etc., on wheel: and animals, birds, and specially “**GANESH IDOL**” with their hands and enjoyed every twist movement while moulding the clay.

Incharge: Ms. P. Aruna
