CLASSES I, II & III DEZINE CLUB

SEPTEMBER 2019

INCHARGE TEACHERS : Ms.Himabindu Cheruvu, Ms.Suvarchala.M

Design is considered a skill that can be taught and developed while artistic ability is considered an innate gift. We the teachers of Dezine club tried to use different creative activities to inculcate an interest in students towards dezine and unlock their creativity.

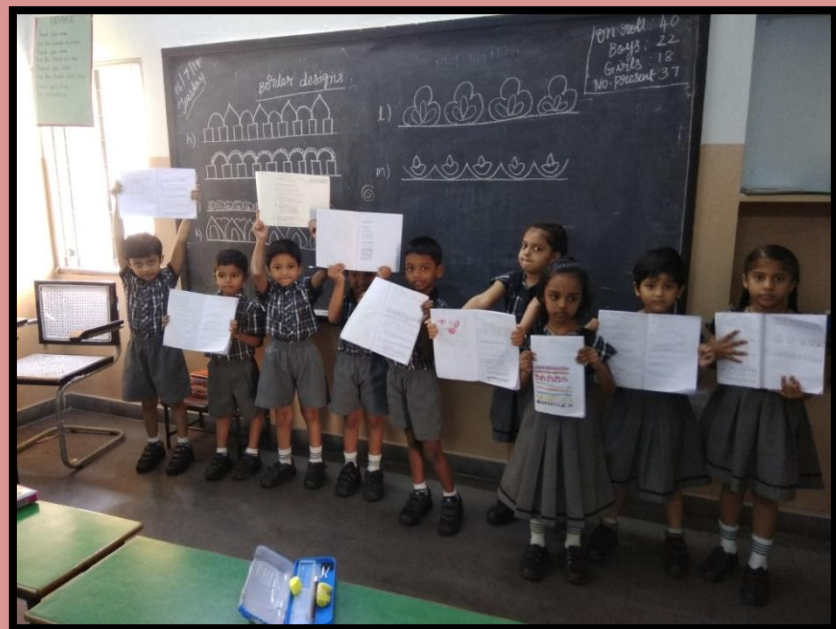

Students were taught basic shapes and lines .

An activity on joining the dots and colouring the picture was taken up in the month of June.

Students enjoyed doing the activity.

The ability to recognize, identify, and create patterns supports mathematical learning.

Students learned drawing smilies, alphabets using creative designs and pot designing in the month of July.

During the months of August and September they have learned

frock designing
and butterfly
designs.

Students also enjoyed
doing book markers.

Their fine motor skills and creative abilities were
enhanced through these activities.
