Serving Community - A Fulfilling Experience

On Sunday, 28th July 2019, 11 students along with the Principal Mrs. Lata Shankar and the Vice principal Mrs. Vinitha Anil, DDMS P. Obul Reddy Public School visited the village of Gongluru to be a part of the community service programme guided by Dr. Rakesh Kumar Paliwal, IRS, Director General of Income Tax Investigation who has also adopted the village, and aims to make it a 'model village'.

The students of DDMS P. Obul Reddy Public School and students of ZPHS joined hands in the community plantation drive . They planted around 500 plants of different varieties which would be a valuable resource for the future generation. The students of DDMS P Obul Reddy Public School involved themselves constructively in a number of activities during the visit. Further they interacted with the local students, getting to know their lifestyle, medical issues, problems, daily routine, etc. so that they could get an insight into different ways by which the village can be helped and improved.

 Principal Mrs. Latha Shankar interacted with the Headmaster of ZPHS, Gongluru and explored the possible ways by which P Obul Reddy Public School could reach out to meet their needs. The regular visits by the students will help improve the science lab and computer lab to be used judiciously by the students of ZPHS, Gongluru. The school could adopt the village school to assist them with specific resources by visiting them on every fourth Sunday.

The visit to community Service became a give and take experience for our students as they acquired a lot of resourceful information and knowledge about a number of unexplored zones. While gathering knowledge you learn a lot, but it is while giving that we experience immense joy and fulfilling, thus feeling richer from within.
