The two day workshop, 12 and 13 of September, on leadership skill helped the students to discover an entirely different approach towards the qualitative enhancement of a person as a leader and a role model.

The first day started with a lecture from the GMT district coordinator who defined the necessity of different language forms and its role in effective communication. The importance of carefully choosing the means of communications was stressed upon.

The most important skill of resolving conflicts with clarity and engaging the team members towards a common goal, all through the technique of proper input and out of verbal transmission. Mr. Sairam Raju guided them into setting a well-organised and smart goals with the 'CAN DO' attitude. Commitment and monitoring the complexity of the task was also stressed upon. Ms.Sasanakota spoke on the effects to Covid-19 on various aspects.

On the second day, Mr.Haridharshan Salike truly made the participants see that each one of them could be a leader in one's own way. In the later half of the workshop there was an interesting interactive session by Mr.Mohan Dass. He prompted students to set certain objectives, identify time wasters, eliminate them and evaluate the past performance.
