Many students participated enthusiastically in various categories such as craft out of waste, collage making, Worli Painting, and paintings in various other Art Forms.

Anshruta from Class X E DDMS P Obul Reddy Public School won the first prize for her exquisite art work.

Speaking about the technique she used, Anshruta says that Lippan Art is a traditional mural craft of Kutch, Gujarat, India. Traditionally, it includes mud or clay work decorated with mirror pieces and rhinestones making it even more attractive. It is confined to a small community in Gujarat. Young students must be encouraged to learn such art forms or else, we may lose our precious cultural wealth.
