

The Influence of a Good Teacher Can Never Be Erased

Resource Person: Mr. Venkat Changavalli

Venue: High School Auditorium

Date: 27 Nov, 2019

The world is dynamic but experience still remains the main source of knowledge. And when it comes from a versatile veteran, it is all the more effective.

In order to equip the teachers better, the school organized a motivational speech by Mr. Venkat Changavalli, the man behind the 108 emergency service across several states of India and a member of many such advisory committees.

In his address, Mr. Venkat, very humorously spoke of anecdotes while giving a message to the teachers to develop passion for teaching, learning and loving students. He appealed to the teachers to develop ethics and principles and stand as role models and mentors to the young learners.

The hour long address seemed too short for the light moments that it gave to the teachers; yet, it was a wonderful learning experience.
