

DDMS P. OBUL REDDY PUBLIC SCHOOL

MATH PARK INAUGURATION

“Without mathematics, there’s nothing you can do. Everything around you is mathematics. Everything around you is numbers.” – Shakuntala Devi

In a first of its kind initiative by Principal Ma’am Ms. Latha Shankar, our school set up an innovative ‘Math Park’ as part of its creative and artistic approach to bring new methods to teach mathematics to all levels.

The ‘Math Park’ was inaugurated on Wednesday, December 22nd, 2021 on National Math Day by Sri S. V. Rao, Chairman, P. Obul Reddy Educational Academy and Sri E. Narasimha Rao, Honorary Secretary, P. Obul Reddy Public School. The guest of Honour for the day was Ms. Santi Rohith Rao, Asst. Professor, Dept of Mathematics & Statistics, Bhavans Degree College, Sainikpuri.

The park provides practical and experimental learning in a unique yet apt way of explaining complex concepts to young students.

The park includes models of 2-D shapes, 3-D shapes, an abacus, a number line, a manual clock, a game of snakes and ladder based on the concept of integers among many others.

It is noteworthy that only scrap materials and in-house equipment were used to build the structures of the math garden.

Kudos to the Maths Department!!!!!!
