DDMS P OBUL REDDY PUBLIC SCHOOL

INAUGURATION OF ATAL TINKERING LABORATORY, PHY, CHEM & BIO LABORATORIES

Technology is not just a tool, it can give learners a voice that they may not have had before." In today's fast-paced developing world, it has become a necessity to be updated and familiar with technological advancements of our time.

In keeping with this, on 28TH October 2020, the inauguration ceremony of the much-awaited **Atal Tinkering Lab** was held. The ceremony was graced with the august presence of Smt N Usha Reddy Garu, President, Andhra Mahila Sabha, Sri S. V Rao Garu, Chairman Durgabai Deshmukh Mahila Sabha P. Obul Reddy Educational Academy, Sri E. Narasimha Rao Garu, Durgabai Deshmukh Mahila Sabha P.Obul Reddy Educational Academy.

Speaking on the occasion, Smt N. Usha Reddy Garu appreciated the way the school has progressed and congratulated the entire PORPS team. She also highlighted that the need of the hour is hands-on learning and so the upgraded labs, especially the Atal Tinkering Lab, are very necessary. She was highly appreciative of the well equipped labs.

Chairman, Sri S.V. Rao Garu said that it is indeed a blessing for the students of the school to be able to access the best experiences with the help of state of the art infrastructure provided in the labs.

It may be recalled that, under the Atal Innovation Mission Initiative by the Government of India, the school received funding for the establishment of the Atal Tinkering Labs, which provides a plethora of high precision tools and all facets of new, updated technology in the hands of the students. Students will

be able to experiment in the fields of robotics, mechanics, electronics, stitching, designing, coding, 3D printing etc. This will certainly inspire children and instill curiosity in them. This initiative will push the students to be more innovative, to experiment, learn and become familiar with technological tools to use them in constructive ways for the benefit of science and technology.

Secretary, Sri E. Narasimha Rao, said that these labs will help students to go towards Research and Development in science and technology, as it is the need of the hour in the present circumstances.

The school has also renovated and developed laboratories for Physics, Chemistry, Biology and Robotics. It was indeed a proud moment for the school to inaugurate the new and restructured, state-of-the-art science laboratories in the school.
