

GANESH AWARENESS PROGRAMME

The only way forward, if we are going to improve the quality of the environment, is to get everybody involved. – Richard Rogers

Come July and August, it is the time for religious festivals in India. In the recent years, this season has reckoned the need for creating sensitivity among the people on safeguarding our environment. In this context, DDMS P.Obul Reddy Public School leaves no stone unturned and thrives to educate the children who are the future stake holders of the nation and the world at large.

The school joined hands with the Greater Hyderabad Municipal Corporation and conducted an awareness programme in the school premises on 6th July, 2022. The programme highlighted the use of ECO friendly Ganesh Idols instead of POP idols as per the guidelines issued by the Hon'ble Supreme Court. Representatives from the GHMC urged students to use clay idol Ganeshas and serve the sole purpose of the programme.

The programme concluded with the participants pledge to take up this initiative and make it a grand success.
