

CLUB FEST – A TALENT SYNERGY

With the academic year 2022-23 coming to a culminating stage, a Club Fest was organised at school on 31 January 2023. The fest was a platform created for the students of Grades I to IX to display their learning during their work experience classes. It appeared to be a much awaited day for all the students alike as it meant doing what they enjoy the most.

The school houses a variety of clubs for the students to choose from like Pottery, Gymnastics, Aerobics, NCC, Scouts & Guides, Cookery, Art, Craft etc. There was excitement all around the campus as the students proudly displayed their talents and wares to the visiting parents and students. The event included an exhibition cum sale of Pottery, Art and Craft items. The cookery Club set up a Food Court managed by the students of

Grades VII and IX which turned out to be a huge hit among the visitors. Stage shows were also put up by the students of the Aerobic, Dance and Gymnastics Clubs. The Kabaddi and Chess clubs also displayed the ethics of the games. There were also stalls for Mehendi and Tattoo. The Scouts & Guides played their part by rendering voluntary services wherever required and in guiding the visitors through different venues.

As the event came to an end, the stall owners' excitement was doubled with the sales proceedings and the students had their maiden experience of earning, to such an extent that they were seen discussing their future business plans.

The day befits to be etched in the history of the school as one of the most eventful ones as it met the objective of providing experiential learning to the students.
