

DDMS (AMS) P.OBUL REDDY PUBLIC SCHOOL
NURSERY AND LKG RED DAY SPECIAL ASSEMBLY
“The colour of smiles illuminates the air with energy, vigour and exuberance.”

Pre-Primary students of DDMS (AMS) P.Obul Reddy Public school celebrated “Red Day “on 28th June, 2024 to introduce children into the mesmerizing realm of colours. The colour **red** made our tiny tots feel bright, lively and cheerful.

The teachers of Pre-Primary conducted special assembly for the children where all the students and teachers looked stunning in red colour outfits. Some of the students dressed up as red objects like apple, strawberry, hibiscus, post box and tomato..... and also spoke few sentences and rhymes about them. “**Jaduai Pitara**” was used by the teachers to make the assembly more interesting and interactive. The kids enhanced their communication skills as they participated in the “Show and Tell” activity in their classrooms. A Red Day take away was also planned by the teachers which focused on sensorial skills of the students.

It was a wonderful learning activity where our little ones spent spectacular red day which helped them to reinforce their cognitive skills.
