

## WORLD EARTH DAY CELEBRATION

**“Small changes, when multiplied by millions of people, can transform the world.”**

### Report on Elocution Competition and Water Awareness Session

*Organized by Team Environmental Sustainability, Dr. Reddy's Laboratories on 23<sup>rd</sup> April, 2025 at DDMS P. Obul Reddy Public School Auditorium.* On the occasion of World Earth Day, an inspiring **Elocution Competition and Water Awareness Session** was conducted in our school for the students of classes 4, 5, and 6. The event was organized by the **Team Environmental Sustainability from Dr. Reddy's Laboratories** and led by **Ms. Shwetha Parcha**, who brought great energy and insights to the session.

The aim of this program was to educate young minds about the importance of environmental conservation, with a special focus on water sustainability. Through interactive discussions, engaging visuals, and thought-provoking questions, students gained valuable awareness on how to save water and protect our planet.

The **elocution competition** was a highlight of the day, where students expressed their thoughts passionately on various environment-related topics. The event not only enhanced their public speaking skills but also deepened their understanding of environmental issues.

We extend our heartfelt thanks to **Ms. Shwetha Parcha** and the entire team from Dr. Reddy's Laboratories for their efforts in making this session informative and enjoyable.

Special thanks to our **Principal Ma'am Ms. Vinitha Anil**, **Head Mistress Ma'am Ms. K. C. Srivani** and to our **Science teachers** for their coordination and support, whose guidance and encouragement played a vital role in the successful execution of the program.

This event served as a powerful reminder of our shared responsibility towards Mother Earth, and we look forward to more such enlightening sessions in the future.
