

FUN FILLED KIDS' DAY OUT

FIELD TRIP REPORT

"Field trips are not just a break from routine- they are windows to the world, where learning comes to life beyond the classroom."

On 18th July 2025, the students of grade I and II, embarked on an educational and thrilling adventure to the local post office and fire station, at Jubilee Hills. The trip aimed to introduce children to the importance of community services and the roles these institutions play in our daily lives.

At the post office, the students learned about the process of sending and receiving mail. They were fascinated by the various stamps, packages and mail sorting machines. The friendly postal staff explained how mail is delivered to different parts of the city.

Then the group headed to the fire station, where they were greeted by the brave firefighters. The kids were amazed by the fire trucks, equipment and gear. They learned about the fire safety, emergency response procedures, and the importance of firefighters in keeping the community safe. The highlight of the visit was a simulated fire drill, where the kids got to see the firefighters in action.

The kids' out to the post office and fire station was an unforgettable experience. They gained valuable insights into the inner workings of these essential community services and developed a new appreciation for the hard work and dedication of postal workers and firefighters. The trip was a perfect blend of education, excitement and fun!
