

FIELD TRIP TO SALARJUNG MUSEUM

On 11th August 2025, the students of Class VI of AMS P. Obul Reddy Public School, Jubilee Hills, accompanied by their class teachers, visited the renowned Salar Jung Museum, Hyderabad. The museum's grandeur and vast collection of art and artifacts from around the world left the students enthralled. Guided through its magnificent galleries, they explored rare manuscripts, antique clocks, decorative arts, sculptures, paintings, and historical weapons.

Two exhibits especially captivated their attention — the *Veiled Rebecca*, an exquisite marble sculpture famed for its lifelike drapery, and the *Musical Clock*, which delighted onlookers with its hourly performance. The teachers enriched the visit by explaining the cultural and historical importance of various displays, making the experience both informative and engaging.

Back at school, a quiz session based on the visit tested observation skills and reinforced learning. The trip proved to be an inspiring blend of education and enjoyment, deepening students' appreciation for history and culture.
