

## **Report on Sports Summer Camp**

### **Organized by the PE Department**

The Physical Education Department of DDMS P. Obul Reddy Public School successfully organized the Sports Summer Camp on the school premises from 25th April to 23rd May. The camp witnessed the enthusiastic participation of approximately 90 students, who actively engaged in honing their skills across a range of sports including Basketball, Volleyball, Kabaddi, and Football.

Throughout the camp, students displayed remarkable energy, commitment, and team spirit. The sessions focused on developing fundamental techniques, enhancing physical fitness, and promoting a healthy competitive spirit through recreational games and structured practice.

The support extended by parents played a pivotal role in the smooth execution of the camp. Their punctuality in drop-offs and pickups was greatly appreciated and contributed to the overall success of the program. Certificates of participation will be distributed to all student participants during an upcoming school assembly.

The PE Department expresses heartfelt gratitude to all involved and looks forward to organizing more such engaging initiatives in the future.
