

## NATIONAL PANCHAYATI RAJ DAY CELEBRATIONS

AMS P. Obul Reddy Public School commemorated **National Panchayati Raj Day** with great enthusiasm and intellectual engagement, providing students with an enriching platform to explore the significance of local self-governance and its pivotal role in nurturing the democratic fabric of the nation.

The programme showcased a series of thoughtfully curated student performances that highlighted the essence of grassroots democracy. Students of **Grades VIII, IX, and X** presented an insightful skit depicting the functioning of a village Panchayat. Through realistic portrayals of a Sarpanch, ward members, and villagers, the performance illuminated the principles of accountability, transparency, and participatory governance. The narrative effectively underscored the importance of ethical leadership, collective responsibility, and informed decision-making in addressing community concerns.

Adding further depth to the celebration, students of **Grades XI and XII (Humanities)** staged a powerful **Nukkad Natak** that explored themes of political awareness and civic responsibility. The performance vividly illustrated the consequences of administrative apathy while emphasizing the transformative impact of proactive governance and active citizen participation. Through compelling dialogue and impactful storytelling, the students conveyed the message that a vibrant democracy thrives when citizens remain informed, vigilant, and engaged.

The event witnessed the participation of students from **Grades VIII to XII (Humanities)** and faculty members, all of whom appreciated the participants' eloquence, creativity, and nuanced understanding of democratic processes.

The celebration served as a meaningful educational endeavour, fostering civic consciousness among students and reinforcing the values of democratic participation, accountability, and responsible citizenship. It stood as a testament to the school's commitment to nurturing socially aware and empowered individuals who are prepared to contribute positively to society and the nation.
