Report on Student Career Counselling Workshop Pathways to Top Global Universities

Name of the Event: Pathways to Top Global Universities (Students' Workshop)

Date: 07/04/2026

Venue: Main School Auditorium

Resource Person: Mr Prasanth Timberwal, Co-Founder of GradCircle and MIT Alumnus

An interactive workshop on "Pathways to Top Global Universities" was conducted for the students of Class X on 7 April 2026 at 10:45 a.m. in the Main School Auditorium. The session was organized by the Team Career Counselling to guide students in exploring higher education opportunities abroad.

The workshop was led by Mr. Prasanth Timberwal, Co-Founder of GradCircle and an alumnus of MIT. He shared valuable insights on the process of gaining admission into top global universities.

During the session, students were introduced to various important aspects of international admissions, including:

- Understanding university requirements and application processes
- The importance of profile building from an early stage
- Developing leadership skills and participating in meaningful activities
- Engaging in extracurricular activities to create a well-rounded profile
- Exploring global opportunities available for students

The speaker also emphasised the significance of consistency, passion, and planning in achieving academic and career goals. Students actively participated in the session and gained clarity about future pathways and opportunities beyond school education.

The workshop proved to be highly informative and inspiring, motivating students to start preparing early for their future aspirations.
