

BLOCK COMMENTARY

Class: LKG

Week No. :17

Dates: 19.08.2019 to 23.08.2019.

BLOCK NO: 9

From the desk of LKG teachers:

We are going to tell you about the Early Programme lesson on Holidays.

In this Lesson, students will share their experiences of past family holidays and build awareness about the spirit and importance of holidays.

Students first begin by sharing ideas and giving suggestions about where to go on a holiday, how to plan for a holiday and what one should take on a holiday. They will listen to stories, observe pictures of past family holidays and talk about them.

During Language time, students will recognise and name the shape and sound of the letters ' Ee' and 'Hh' through stories ,rhymes and actions.

During Maths time, students will order different things based on size, using comparing words such as 'big' , 'small' , 'biggest' or 'smallest' .They will also draw and take prints to show the order based on size and recap of writing numbers 1& 2.

Rather than just learning about ordering things based on their size using a multiple number of objects, students will show ordering of things based on their size by drawing pictures or taking prints.

At home, make your child a part of the planning for your next holiday.

- Event: Krishnashtami celebration on 23-08-2019.
