

BLOCK COMMENTARY

Class: LKG

Week No. : 22

Dates: 23.09.2019 to 27.09.2019

BLOCK Nos. 12 and 13

From the desk of LKG teachers:

We are going to tell you about the Early Programme lesson on **MONSOON and SEASONS**.

In this Lesson, students will communicate ideas about the monsoon or rainy season, summer and winter season learnt in previous lessons and apply their learning in the given situations.

During Language time, students will recognise and name the shape and sound of the letters 'Oo' and 'Uu' through stories, rhymes and actions. They will learn to draw predicting the ending of a story.

During Math time, students will recognize, repeat, and recreate patterns using beads in two colours and sort shapes on the basis of their form and they will learn to recognise name, show and write the **number 4** through activities, manipulatives, number rhymes and tracing in the sand.

Rather than just answering questions through rote memorization, students will attempt to use their knowledge of weather patterns, clothes worn and food eaten to make predictions of what they think will happen during the different seasons.

At home, your child can notice the patterns seen in different things around them, such as clothes, and the changes seen during the different seasons.

Events: 26.09.2019 (Thursday) SHOW AND TELL COMPETITION.

26.09.2019 (Thursday) Dussehra celebrations. Non participants can come in traditional dresses.
