

LKG - BLOCK COMMENTARY

Week No : 29

11-11-19 to 15-11-19

Block - 17

From the desk of LKG teachers:

We are going to tell you about the Early Programme lesson on "Land and Water Animals".

In this lesson, the students will learn about large sea animals like whale, shark and also about animals that live both on land and in water.

Students will sing rhymes and observe pictures to learn about the sea animals whale, shark and other animals that live both on land and water animals. They will talk about them using familiar words and also represent their ideas by drawing an underwater scene. Students will identify, name, show and write the number "8" through activities, manipulatives and number rhymes. They will compare lengths of two things using comparison words- "**Long and Short**".

Students will recognise the form and sound of all letters taught through stories, rhymes and actions. They will look at pictures and write the letter that they begin with.

Rather than exploring all the sea animals together, focus will be on students learning about some large sea animals and finally the animals that live both on land and in water.

At home, you can take your child to observe an aquarium or keep a fish as pet to observe and learn more about them.

Event : Childrens day celebration on 14th November 2019.

From:

Classes	Names of the teachers
LKG-A	Ms.Ch. Aruna & Ms.Soujanya
LKG-B	Ms.Swathi & Ms. N.Swathi
LKG-C	Ms.P.Padmavathi & Ms.Ch.Rukmani
LKG-D	Ms.P.Geethalakshmi & Ms. B.Radhika
LKG-E	Ms.K.Lakshmi kumari & Ms. Praveen
