

BLOCK COMMENTARY

Class: UKG

Week No. : 14

Block - 7

Dates: 29.07.2019 - 02.08.2019

From the desk of UKG teachers:

We are going to tell you about the Early Programme Lesson on Look What I Can Do!

In this lesson, students will understand how the different parts of our body help us to do different things or work.

They will listen to a story and draw parts of the story to answer questions. They will play and learn what they can do with parts of their body.

During Language time, students will sing rhymes to name different parts of the body and describe what they do. They will use the sentence structure: "This is my _" and "I can _" to say and read sentences they will also learn to read and write 'e' sound words.

During Maths time, students will compare 2 things to find out which is longer, taller, shorter, lighter, heavier, and can hold more/less or the same and they will also learn to identify and write before no's.

Rather than just matching, circling and ticking pictures to show comparisons, students engage in hands-on activities and make their own discoveries.

At home, your child can compare long and short ribbons, heavy and light things and how much more a thing holds than the other and draw to show his/her findings. It would be great if he/she can start arranging things in order, up to 3 comparisons, such as long, longer and longest.

Class - Section	Name Of The Teachers
UKG-A	Ms.Shamina Ramesh & Ms.Radhika
UKG-B	Ms.Aarthi & Ms.Sri Lakshmi
UKG-C	Ms.Aruna & Ms.Saritha
UKG-D	Ms.Prasanna Jhansi & Ms.Prathyusha
UKG-E	Ms.Anupama & Ms.Suhasini
