

# BLOCK COMMENTARY

Class:UKG

Week No. : 17

Block - 9

Dates:19.08.2019 - 23.08.2019

From the desk of UKG Teachers:

We are going to tell you about the Early Programme Lesson on "Jobs People Do".

In this lesson, students will understand that in our surroundings people do jobs that make our lives easier.

Students will first listen to a story about people who work at home. They will learn about "Community Helpers".

During Maths time, students will read the number cards with numbers in words, figures and dots and show that number on a five frame. Students will use the 10 frame and matchsticks to show the number 10 and also they will learn to write 'No. names'.

During Language time, students will draw what they see in the post office and write, "In the post office I saw..." Students will draw on a letter to their parents and attempt to write a word or two in it and also they will learn to read and write 'i' sound words.

Rather than just reading the sentences from the reader, students will use words such as 'he', 'she', 'is' and 'a' to express themselves verbally. They will draw to show what they said and then read it.

At home, your child can read and write sentences beginning with, "He/She is a \_". It would be great if he/she can write simple messages to you and others to share ideas or give directions.
