

BLOCK COMMENTARY : Class - UKG

Week No. : 37

Block - 22

Dates:06.01.2020 - 10.01.2020

From the desk of UKG Teachers:

We are going to tell you about the Early Programme Lesson on "Pictures Tell a Story".

In this lesson, students will understand that we can tell stories using pictures and drawings

They will look at pictures of a story and guess what will happen next. Students will compare pictures of stories on the same topic. They will use pictures from a story to build and draw their own version of the story.

During Maths time, students will begin with counting the dotted frogs to know how many dots there are in all. They will use things and draw and act out situations to know how many are there in all and Pictorial Additions.

During Language time, students will picture read a story on CVC words with the vowel 'a'. They will read the words by blending and segmenting them and by sight. Students will match pictures to word cards and then put together words to make sentences and they will also learn to read and write "That" Question & Answers.

During II Language time, students will learn to read and write " Hindi/Telugu Letters.

Rather than using fairy tales, the stories used are connected to experiences students have every day. Also they do not have stereotyped and gender biased roles of characters.

At home, review the stories done in class using the picture cards.

It would be great if your child can change a story by replacing the person, place or thing and retell the story.
