

BLOCK COMMENTARY

Class – UKG

Week No. : 40

Block - 24

Dates:27.01.2020 - 31.01.2020

From the desk of UKG Teachers:

We are going to tell you about the Early Programme Lesson on "Little Discoveries". In this lesson, children will think about, guess and experiment with various things.

Students will experiment with water to explore its shape in different containers. They will use a magnet to check which things stick and which do not. They will explore wet and dry things. Students find out whether the different things can be squeezed or not.

During Maths time, students begin with backward counting and then play games to take away 1 or 2 from a collection of things. They then use a dice to show the number, take away or add the number the dice shows when thrown again. They will also learn no. line additions.

During Language time, students will read a story on CVC words with the vowel 'o'. They will read the words by blending and segmenting them and by sight. Students will match pictures to word cards and then put together words to make sentences and they will also learn to read and write "Myself" Composition.

During II Language time, students will learn to read and write "Hindi / Telugu" Letters.

Rather than doing mere subtraction with numbers, the emphasis is on reading pictures and using vocabulary.

At home, children can play the dice game. Give them 9 counters and ask them to throw the dice. Tell them to show the number using the counters. Let them throw the die again. Have them take away the number on the die from the counters. Ask them how many are left.

*Quiz Competition - Final Round on 31.01.2020.

HAPPY REPUBLIC DAY

Class - Section	Name Of The Teachers
UKG-A	Ms.Shamina Ramesh & Ms.Radhika
UKG-B	Ms.G.Aarathi & Ms.Sri Lakshmi
UKG-C	Ms.N.Aruna & Ms.Saritha
UKG-D	Ms.G.Prasanna Jhansi & Ms.R.Prathyusha
UKG-E	Ms.S.Anupama & Ms.M.Suhasini
