## **Annual Training Camp NCC 2019**

## **DDMS P.OBUL REDDY PUBLIC SCHOOL**

DDMS P.Obul Reddy Public School have attended the ATC (Annual Training Camp) held during the month of October 2019 from 9<sup>th</sup> to 18<sup>th</sup>. The camp comprised of nearly 650 cadets. Cadets have learned many things. Our Cadets were exposed to the excitement of camp life where we applied the theoretical knowledge that cadets had gained in Institutional Training. The camp have introduced us a regimented way of life, it helped the cadets in developing their leadership skills, team work in my activities like tent pitching in which all cadets of different schools who were living in the same tent worked together to win in the competition which has helped us know what team work actually means. It even developed our self-confidence and self-reliance where cadets believe in their own powers to participate in different competitions held in the camp and earn medals. Every cadet of all the school had to do rifle shooting and experience it and cadets who did well were given medals.

Cadets had to take their own plates, glasses and buckets to the camp which made their know as responsibility towards their daily needs and how to take care and reserve them. Cadets had to clean their own plates and glasses which made their know about the dignity of labour which means no occupation is considered superior and all the cadets have to clean their plates how working labour would do. The food was given according to their diet taking care of health.

We have to wake up early in the morning for physical training and some days they had yoga, then cadets wore their NCC uniform and practice the drill which they learned in institutional training. They leadership skills .cadets

had classes in the afternoons like armed forces, knowing own position with compass, about fire brigade, rifle shooting demo classes, health and hygiene and eye check-up also.

They conducted sports events like Athletics, Kho-Kho, and Volleyball for JW/JD and SW/SD.

On the last day which was 17<sup>th</sup> of October we had the cultural and closing ceremony where everyone performed in front of the CO. Everyone who performed well in the competitions got medals in the closing program.

At the end cadets learned many things in the camp and this particular 10 days were very memorable filled with memories, learning and many more.

## 1(T) ARTY BTY N.C.C ANNUAL TRAINING CAMP (2019-2020) N.C.C RESULTS

| S.NO | NAME OF THE CADET | <b>EVENT NAME</b> | RESULT       |
