

## **STAFF ACHIEVEMENT- DESIGNING THE BOOK COVER COMPETITION**

It gives us immense pleasure to share the news that our Arts Faculty, Mr. D. Hari Krishna won the II<sup>nd</sup> prize in Designing the Book Cover Competition by the Smile Foundation. He chose abstract art to showcase his talent.

From his desk:

“ I want to save trees. They are an important part of our lives and we depend a lot on them. We have neglected trees and taken them for granted, but they are always selflessly serving us. Through my art, I wanted to honour and appreciate them.”

Let's hope that this cover page inspires many to acknowledge and appreciate this nature's wonder!
