

Emerging trends in Career and University Counselling

18/12/2021

The event began with a keynote by Mr Rohan Pasari, Founder of CIALFO followed by an address by Dr. AW Santhosh Kumar, Pro-Vice-Chancellor, Amity University.

Panel discussion on the topics- “Academic and Holistic Profile path to colleges of India”, Pandemic and the acceleration of use of technology in college applications and career counselling” and another critical point, i.e. “Are we preparing our students for careers of tomorrow?”- was the foreground of the event.

The poster is blue with white and yellow text. It features the CIALFO logo and 'Direct Apply' in the top right. The main title is 'Emerging Trends in Career and University Counselling (India Edition)'. Below the title, it says 'Courtyard by Marriott, Hyderabad' and 'Saturday, 18th December, 9:30 am'. There are three main sections: 'Panel discussions' with bullet points about academic profiles, technology acceleration, and preparing students for the future; 'Networking hour' for meeting school and university representatives; and 'Cialfo Partner Recognition Awards ceremony' for supporting schools.

The insights of the panel were inspiring and thought provoking. They advised the counselling fraternity to keep in mind the insights while navigating the students. A few university outreach directors briefed about their admission processes.

The event culminated on a cheerful note.
