

Report on ATL Orientation

I, K. Yuva Santhi, ATL In-charge, attended the Orientation & Review Meeting organized by the Department of School Education, Hyderabad District for Atal Tinkering Lab (ATL) Schools and PM SHRI Schools on 16th July 2026 at Little Flower High School, Abids, Hyderabad.

The programme was conducted under the Sri S. Yadaiah Garu, District Educational Officer, Hyderabad. The meeting was graced by Smt. Brinda Pillai Reddy, State UNICEF Consultant, Telangana and the workshop was organized by Sri C. Dharmender Rao, District Science Officer & ATL Nodal Officer.

During the workshop, participants were guided on the effective implementation of Atal Tinkering Labs, innovation-based learning, design thinking, and project-based education. The session also covered ATL guidelines, maintenance of ATL equipment, documentation of activities, student participation in innovation challenges, and the role of ATL in developing creativity and problem-solving skills among students.

The workshop provided valuable insights into planning ATL activities effectively and encouraged collaboration among ATL coordinators. The interactive sessions helped clarify doubts and shared best practices for making ATL more impactful in schools.

Overall, the workshop was highly informative and beneficial. The knowledge gained from the session will be effectively implemented in our school's ATL to promote innovation, scientific thinking, and hands-on learning among students.
