

Training Programme: Cyber Safety & Security

Conducted by: Central Board of Secondary Education (CBSE)

Venue: The Global Edge School, Narsingi, Hyderabad.

Date: 29 September 2026

Resource Persons: Mr P V Sai Ranga Rao and Ms Sudhanya

Teachers Attended: Ms G Sreedevi (ICT Teacher, Primary)

The facilitators, Mr. P V Sai Ranga Rao and Ms. Sudhanya, promoted awareness of global issues as ethical concerns emerged as a result of communication devices or networks used to perpetrate or support crimes. Additionally, it guarantees that computer users' privacy and safety are protected in appropriate ways and that their work is not disclosed by third parties.

The session focused on developing a culture of cyber security that encourages safe and responsible use of cyberspace as well as how to respond to, resolve, and recover from cyber incidents and attacks through prompt information exchange, cooperation and action. When making safe and secure judgments online, it involves being cautious and protective and discussed about a crucial aspect of cyber security. With increased usage of cyberspace, cybercrimes primarily against women and children such as cyber stalking, cyber bullying, cyber harassment, etc.

They gave a brief description about a branch digital forensic science, digital storage medium, Cyber Laws and IT Act 2000.

It was an informative and enriching session.
